PDAC 2021

From **March 8-11, 2021**, MIRARCO is exhibiting at the first ever virtual PDAC convention. The well-known annual mineral exploration and mining convention will be held entirely online and MIRARCO invites attendees to visit our virtual booth.

Visit our PDAC 2021 webpage to:

- View our PDAC schedule;
- Learn how to connect with our researchers and staff;
- Attend virtual short presentations and helpful webinars;
- Get a first look and exclusive offers on our tools and services.

PDAC Activities

[MoFrac - A Special Presentation](#)

On **March 8th at 2:30 - 3:00 PM (EST)**, MIRARCO is offering a virtual presentation by MoFrac Project Lead, William Junkin about our discrete fracture

network models for rock mass characterization. Learn everything you need to know about this specialized tool.

To RSVP, please [click here](#).

MoFrac - Demonstration Webinar

Followed by the virtual presentation on March 8th, MIRARCO is also offering a live demonstration of the MoFrac software on **March 9th at 1:00 - 1:45 PM (EST)**, presented by our Geomechanics Researcher, Subash Bastola.

To RSVP, please [click here](#).
